

I agree that the Planning and Zoning Commission of Nampa should not grant the Conditional Use Permit for address 819 S Powerline Rd for the addiction treatment home for 16 people. This location is 1 block away from Sherman Elementary School, there are also bus stops from various schools near the property. The parents of the students need to be notified. Parents whose children dropped off/picked off at bus stops within at least a .5 mile radius of the location also need to be notified of this conditional use permit
