Nampa, ID 83651

Dear Members of the Nampa Development Corporation,

I am writing to express our heartfelt gratitude for the generous contribution provided by the Nampa Development Corporation (NDC) towards The STIL's tenant improvements in Downtown Nampa. The grant dollars you reimbursed have been instrumental in making our expansion into Nampa a reality.

Your support has significantly reduced the financial burdens associated with establishing new locations and upgrading our historic building. These improvements were essential for us to create a welcoming and unique space that aligns with our brand's commitment to quality and community. By alleviating these costs, the NDC has not only enabled us to grow but also helped preserve the historical charm of Downtown Nampa.

We are incredibly grateful to be part of the vibrant and dynamic business community in Downtown Nampa. The enthusiasm and support we have received from the local community have been overwhelmingly positive, and we are excited to contribute to the area's continued growth and success.

The NDC's grant program is a testament to your dedication to improving the community and fostering economic development. Your investment in businesses like ours creates a ripple effect, enhancing the overall vitality and attractiveness of Downtown Nampa. We are honored to benefit from this program and are committed to upholding the values and goals that it represents.

Once again, thank you for your generosity and support. We look forward to continuing our journey in Nampa and contributing to the thriving business landscape that the Nampa Development Corporation has worked so diligently to cultivate.

With sincere appreciation,

Daniel Sell and Kasey Allen
Co-Owners, The STIL
