AGREEMENT

NOW THEREFORE, in consideration of the above recitals, which are incorporated below, and of the mutual covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. This Agreement shall not prevent City, in subsequent actions applicable to the Property, from applying new ordinances and regulations of general application adopted by City in the exercise of its police powers that do not conflict with the Parties' commitments applicable to the Property as set forth herein, or the zoning designation approved hereby as the Property has been deemed suitable for the uses allowed within said zoning designation.

2. The final building design and/or layout of the Project on the Property shall be in substantial conformance with the Conceptual Site Plan, provided, however, Developer shall have flexibility to develop the Property to meet market conditions or adjust to accommodate site constraints or access issues as long as such changes are not substantial as determined by the City. All development of the Property shall be in accordance with all applicable laws and regulations and shall also be consistent with the development standards set forth in this Agreement and the Conditions.

3. This Agreement is intended to be supplemental to all other local, city, state and federal Code requirements, rules and regulations, and is established to help assure the compatibility of the resulting land use with the surrounding area. Provided, however, that to the extent this Agreement conflicts with any provision of the Nampa City Code, this Agreement shall prevail to the extent permitted by law.

4. The provisions and stipulations of this Agreement shall be binding on City, Owner/Developer, each subsequent owner of the Property or portion thereof, and each other person acquiring an interest in the Property and are, in no particular order, as set forth in the conditions of approval attached hereto as Exhibit "C", and by this reference incorporated herein.

5. Other than as specifically provided herein, this Agreement may be modified only by the written agreement of Owner/Developer and the City after complying with the notice and hearing procedures required under Idaho Code Section 67-6511A or Nampa City Code Section 10-2-5 (D) or successor provisions.

6. The execution of this Agreement and the written commitments contained herein shall be deemed written consent to change the zoning of the Property to its prior designation upon failure of Owner/Developer to comply with the terms and conditions of this Agreement. Provided, however, that no such consent shall be deemed to have been given unless City provides written notice of any such failure and Owner/Developer or its successors and/or assigns fails to cure such failure as set forth below.

7. Except as specifically set forth in this Agreement, the rules, regulations and official policies governing permitted uses of land, density, design, improvements and construction standards and specifications applicable to the Project and the Property shall be those rules,

regulations and official policies in effect as of the Effective Date. Provided, however, that the applicable building codes for structures shall be the codes in effect when a complete application for a building permit is filed. Development impact fees, if imposed by ordinance, shall be payable as specified in said ordinance even if the ordinance's effective date is after the Effective Date of this Agreement.

8. It is intended by the Parties that this Agreement shall be recorded on the Effective Date or as soon as practicable thereafter. The Parties further intend that the provisions of this Agreement shall run with the Property and shall be binding upon City, Owner/Developer, each subsequent owner of the Property, and each other person or entity acquiring an interest in the Property.

9. If any term or provision of this Agreement, to any extent, shall be held invalid or unenforceable, the remaining terms and provisions herein shall not be effected thereby, but each such remaining term and provision shall be valid and enforced to the fullest extent permitted by law.

10. This Agreement sets forth all promises, inducements, agreements, conditions and understandings between Owner/Developer and City relative to the subject matter hereof. There are no promises, agreements, conditions or understandings, oral or written, express or implied, between Owner/Developer and City, other than as are stated herein. Except as herein otherwise provided, no subsequent alteration, amendment, change or addition to this Agreement shall be binding upon the Parties unless reduced to writing and signed by the Parties or their applicable successors-in-interests or their assigns, and pursuant, with respect to the City, to a duly adopted ordinance or resolution of the City.

11. Should any litigation be commenced between the Parties concerning this Agreement, the prevailing party shall be entitled, in addition to any other relief as may be granted, to court costs and reasonable attorneys' fees as determined by a court of competent jurisdiction.

12. This Agreement may be executed in counterparts, each of which shall constitute an original, all of which together shall constitute one and the same Agreement.

13. If the Property subject to this Development Agreement consists of multiple parcels or is subsequently divided and any parcel(s) which are a portion of the original subject property are sold to different parties then this Development Agreement may be modified in whole or in part or terminated as to a specific parcel or parcels upon compliance with the notice and public hearing requirements specified in this Development Agreement, applicable city ordinance and state code without the requirement that the owner(s) of any of the other parcels which were part of the original Property agree to or be party to such amendment or termination of this Development Agreement.

14. In the event Owner/Developer, its successors, assigns or subsequent owners of the Property or any other person acquiring an interest in the Property, or in the event City, fails to faithfully and materially comply with all of the terms and conditions included in this Agreement, enforcement of this Agreement may be sought by either City or Owner/Developer or by any

successor or successors in title or interest or by the assigns of the Parties, in an action at law or in equity in any court of competent jurisdiction.

a. A waiver by City of any default by Owner/Developer of any one or more of the covenants or conditions hereof shall apply solely to the breach waived and shall not bar any other rights or remedies of City or apply to any subsequent breach of any such or other covenants and conditions. A waiver by Owner/Developer of any default by City of any one or more of the covenants and conditions hereof shall apply solely to the breach waived and shall not bar any other rights or remedies of Owner/Developer or apply to any subsequent breach of any such or other covenants and conditions.

b. Notwithstanding anything to the contrary herein, in the event of a material default of this Agreement, the Parties agree that City and Owner/Developer shall have thirty (30) days after delivery of written notice of such default to correct the same prior to the non-defaulting party's seeking of any remedy provided for herein; provided, however, that in the case of any such default which cannot with diligence be cured within such thirty (30) day period and thereafter shall prosecute the curing of same with diligence and continuity, then the time within which such default may be cured shall be extended for such period as may be reasonably necessary to complete the curing of the same with diligence and continuity, but in any event not to exceed six (6) months; and provided further, however, no default by a subsequent owner of a portion of the Property shall constitute a default by Owner/Developer for the portion of the Property still owned by Owner/Developer. A default by a subsequent owner or successor to the Owner/Developer will be considered to be applicable to the defaulting subsequent owner or successor and their property only and not a default by Owner/Developer or other subsequent owners and successors that are not in default of this Agreement.

c. In the event the performance of any obligation to be performed hereunder by either Owner/Developer or City is delayed for causes that are beyond the reasonable control of the party responsible for such performance, which shall include, without limitation, acts of civil disobedience, strikes, pandemic, or similar causes, the time for such performance shall be extended by the amount of time of such delay.

d. In addition to the remedies set forth above, in the event of a default by Owner/Developer, or any other party claiming an interest herein, City may withhold building permits on the portion of the property in default or other portions of the Property owned by Owner/Developer until such time as the default is cured.

15. This Development Agreement may be subsequently modified or terminated as to any specific portion(s) of the Property without the requirement that any of the owners of the other portions of the original Property consent to or be party to such modification or termination. Any action to terminate or modify this Development Agreement as to a specific portion(s) of the Property may only be taken following compliance with the notice and public hearing requirements specified in this Development Agreement and applicable city ordinance and state code. Any modification or termination of this Development Agreement made pursuant to this Section 15 shall be recorded against the specific applicable portion(s) of the Property.
